MAKE YOUR HEART RACE
Only the most carefully maintained vehicles from the most discerning owners qualify for the Approved Certified Pre-Owned program. Fortunately, Jaguar owners are legendary for their devotion to their vehicles, which means that virtually the entire qualifying range of previously owned Jaguar models is available.

The Approved Certified Pre-Owned Warranty offers either a one-year/unlimited mileage or two-years/100,000 miles Limited Warranty coverage. The Jaguar Approved Certified Pre-Owned Limited Warranty coverage and Roadside Assistance benefits begin after the Jaguar New Vehicle Limited Warranty ends, so there is no coverage time lost. Furthermore, the Approved Certified Pre-Owned Limited Warranty will transfer upon the sale of the vehicle.

* Jaguar Approved Certified Pre-Owned Coverage, including limited warranty and roadside assistance, expires one year from the end of the original new car warranty with unlimited miles or two years from the end of the original new car warranty or 100,000 miles, whichever comes first. Original in-service date is the earlier of the new-vehicle retail sale or in-use date as reported by Jaguar Land Rover North America, LLC. Vehicles can have either a one year/unlimited miles or two years/100,000 miles limited warranty coverage. See your local authorized Jaguar Retailer for complete terms and conditions of the limited warranty and service coverage.

† The Jaguar Approved Certified Pre-Owned Limited Warranty is transferable to subsequent private owners and will continue in effect for the remaining warranty period. If a vehicle is sold to a non-Jaguar franchised retailer, this warranty is terminated.
Long before you see your Approved Certified Pre-Owned Jaguar vehicle for the very first time, it has undergone a rigorous 165-point evaluation. Appearance, performance, reliability, and refinement all must pass demanding tests and guidelines with minimal tolerances. If any deficiencies are detected, they are corrected by a Jaguar Retailer using only genuine Jaguar parts. In addition, a Vehicle History Report is provided with every vehicle.

The 165 certification and inspection points include exterior body and finish, electrical systems, luggage area, engine, interior furnishings and electrical systems, heating and air-conditioning, undercarriage/drivetrain and, finally, a road test. These select vehicles are fully endorsed by a professional Jaguar technician, your Jaguar Retailer, and Jaguar Land Rover North America, LLC.
